SFB Tip: Wear your Hair Enhancer: It is a color that is the same or similar to your haircolor. When you wear it in shoes, you 'bookend' your look, creating balance and harmony. When you wear it in a cardigan or jacket, your hair looks more luminous and gorgeous, framing your face. When you do this, get ready to hear "Wow, you look amazing!"

StyleFinder Boutique: In your own words, describe your Signature Style
Shannon: Classic with a fun twist.

SFB: What makes your style unique and truly you?

Shannon: It's all in the details, using texture and an unexpected pop of color. My look generally centers around a great jacket, jeans and some funky shoes.

SFB: How has knowing your Signature Style affected the way you experience shopping and styling on a regular basis?

Shannon: It's been revolutionary! I've saved so much money by not buying things that look great on the rack but not on me. Also time, I can walk into a store and know in 5 minutes if they have what's right for me. I can leave and not feel discouraged. Instead I feel confident!
